

Community Advisory Panel Meeting Agenda

Date: Thursday September 20, 2018

Time: 9 a.m.

Place: 105 S. Main Street, Goodlettsville Tn. 37072

Community Advisory Panel information and Agenda:

1. Discussion and creation of a new quarterly flyer to be sent out with utility billing. Rose has tentatively created a sample for review, I will bring the lap top with spreadsheets of information that we might want to include for education and outreach to the community. This will include two WORD document type flyers as well as PUBLISHER. Remember this will be a final product from you as a panel for presentation to our community. Rose is open to any ideas that she can implement into these formats.
2. Also, we will have to choose one format for December presentation to go out in January mail. That means it is imperative we decide today so Rose and I can get the format completed and I will provide data to be inserted current as of December 2018. for September through December 2018 quarter.

Respectfully submitted,

W. Garrett

Stormwater Coordinator / Goodlettsville Tn. / C.A.P. Chair

Forming Partnerships

Operators of regulated small MS4s are encouraged to utilize partnerships with other governmental entities to fulfill this minimum control measure's requirement. It is generally more cost-effective to use an existing program, or to develop a new regional or state-wide education program, than to have numerous operators developing their own local programs. Operators also are encouraged to seek assistance from non-governmental organizations (e.g., environmental, civic, and industrial organizations), since many already have educational materials and perform outreach activities.
