

CITY OF MILLERSVILLE AND GOODLETTSVILLE

COMMUNITY CLEANUP EVENT

SEPTEMBER 9, 2017

SPONSORED BY OHM ADVISORS, HOSTED BY MILLERSVILLE & GOODLETTSVILLE

THANKS TO ONE AND ALL for the outstanding event success through your continued participation on our annual stream/community cleanup events. This year we surpassed participation of all past events (42), with a total of 68 volunteers!

The community/stream cleanup event rocked with volunteers from Davidson County Democratic Chapter, OHM, Cornerstone Church, Pack 1200, local residents as well as friends of the city and employees from Millersville and Goodlettsville to assist with litter and debris removal! All volunteers were invited to a free lunch provided by OHM Advisors for their hard work, at the local Ryan's Buffet in Rivergate. This provided us the opportunity to network and fellowship with each other and to discuss future events and improve our custodial service to the residents through clean water and community education/participation.
