Attach a copy of the parts and/or labor receipt(s).

Note: Adjustments for sewer charges are not given when leaks occur during April through November for residential customers. Sewer credits are not given for leaks that cause water to enter the sewer system (e.g., toilet, faucet, etc.). Credits may be available in situations such as busted pipes underneath the house, busted pipes in the yard, etc. (circumstances when water did not enter the sewer system). It is recommended pools are filled between April and November while the discount program is in effect.

I/We acknowledge the above-mentioned repairs were made and understand the policies outlined on this form. If required or requested, I/we understand plumbing repairs may be inspected in order to assure compliance.
