April 18, 2017

To: Board of Commissioners, City Staff and Residents of Goodlettsville

The City of Goodlettsville began the practice of producing the City Manager's Monthly Report in December 2011 to provide general and performance information to the Board of Commissioners and the public on City services and programs. The City utilizes performance data to identify efficiencies and potential inefficiencies for the purpose of improving services, responsible budgeting and enhancing transparency in local government. The information in this report is compiled internally by each department/division that comprises City Services. The information is then analyzed and organized for presentation by myself and the Public Information Officer.

I am proud of the City's efforts toward becoming more transparent, performance driven and the direction in which our community is headed. City staff and I will continue to work diligently to increase efficiencies in City services and achieve the goals of our Board of Commissioners as we proudly serve the citizens of Goodlettsville.

I am pleased to present to you the March, 2017 City Manager's Monthly Report. I hope that you continue to stay informed on City issues and progress.

Please feel free to contact me with any questions, comments and/or suggestions regarding this report.

Sincerely,

A handwritten signature in blue ink that reads "Tim Ellis".

Tim Ellis, City Manager

### Chief Goodwin's Monthly Report

March 2017

March 1<sup>st</sup> Chief Goodwin attended the ribbon cutting for the Sweet Tea & Shopping Boutique Marketplace. March 2<sup>nd</sup> Chief Goodwin and Commander Cherry read to 4<sup>th</sup> graders at Gateway Elementary. March 8<sup>th</sup> Chief Goodwin attended the Beer Board meeting. March 15<sup>th</sup> Chief Goodwin attended the Drug Task Force meeting. Commander Cherry and other members of the department attended the Hero's Day event at Metro Baptist Church. March 24<sup>th</sup> Chief Goodwin, Commander Cherry and Sgt. Deloach attended graduation at Walter's State. On March 28<sup>th</sup> 14<sup>th</sup> session of the Citizen's Police Academy began.

The Pharmaceutical Bin provided by the State of Tennessee Department of Environment & Conservation was in the lobby during the month of March and 14.8 pounds of unwanted pharmaceuticals were deposited. Since its use 971.8 pounds of unwanted pharmaceuticals have been deposited.

In review of the TIBRS data comparing March 2017 to March 2016 Crime Against Person increased from 13 to 17 a 23.23% increase, and Crime Against Property increased from 64 to 77 a 16.89% increase and overall we had an increase 77 to 94 incidents. Our UCR total for the month was a 27.42% increase from 45 to 62 incidents.

Our proactive efforts were very good for the month of March. Our officers made 880 Traffic Stops and 9 Terry Stops. They made 96 Traffic Arrests and 15 DUI Arrests. From these Traffic Stops resulted 8 Felony charges, 118 Misdemeanor charges, and 15 warrants were served. They had 37 drug confiscations (23 from traffic stops). They issued 6 Misdemeanor Citations, made 75 Physical Arrests with 8 Misdemeanor charges and 53 Felony charges. They made 18 Juvenile Misdemeanor Arrests and 4 Juvenile Felony Arrests.

The other part of the strategy involves serving outstanding warrants. Persons with outstanding warrants have already proven a proclivity for involvement in criminal activity. By arresting them for their outstanding warrants we prevent their opportunities for committing crime. During the month they made 17 Warrant

Service Attempts. They served 16 Felony Warrants and 43 Misdemeanor Warrants.

Our officers continue to check our apartments, neighborhoods, businesses and parks. They conducted 230 apartment checks, 403 checks of neighborhoods, 318 businesses checks and 266 park checks. They had 1,114 Community Contacts. They issued 346 Park Smarts.

## Summary of Month's Activities – March 1 – March 31, 2017

### **Fire Operations**

The Department responded to 329 calls for service in the month of March.

### **Fire Administration**

#### **Chief's Comments:**

As always, the Fire Department trained toward recertification in the many areas we are responsible for each year. All members recertified as American Heart Association HealthCare Providers for CPR and also refreshed on the operation of the Departments Air monitoring equipment.

Goodlettsville supported the TN Fire Chiefs initiatives at the Legislature by attending several committee meetings on the Hill. One important victory strengthened safety regulations affecting schools while offering some leeway to requirements that existed previously.

The Congregation of Metro Baptist Church hosted and fed members at their annual Hero Day celebration. A generous donation was made to the department which will be used with another donation from All State Insurance to purchase new protective equipment designed to be a barrier against cancer causing agents on the fire ground.

As always, the Department is urging all residents to have and maintain working smoke alarms on all levels and in all sleeping areas of the home. Please let us provide and install free alarms in your home or direct us to someone that needs them.

Lastly, please consider sleeping with the bedroom door closed to all bedrooms. Precious minutes are gained in the event of a fire and that can make all the difference. You would be astounded to see how much fire and smoke can be kept back by a hollow core interior door.

Do it for your family, do it for your life.

- USAR Conference attended for week
- March 19 Hero Sunday at Metro Baptist Church
- Attended Leadership Goodlettsville 2017 group meeting

## MARCH REPORT

This monthly forum will keep you informed of ongoing and upcoming projects and provide updated information on where we are with projects as they progress from the planning phase into design and become reality. Here is a sampling of what we currently are working on to enhance our town's livability.

### Peay Park Splash Pad

This 600 thousand dollar project is 50 percent grant and will extend over the next two years. It will add a water feature at the location of the old baseball field in Peay Park. This will be the first phase in the revitalization of the City's oldest park. **Status: The city is awaiting a contract with the state to start the project. Demolition is complete by city park personnel. Design for the splash pad is expected to begin in April. The design team is being assembled and we expect an opening of the project in the summer of 2018.**

### Main Street Enhancements

This 12 million dollar project is 80 percent grant and will extend over the next two and one half years. Its purpose is to change the look and feel of the heart of Goodlettsville. The aim of this project is to make the center section of town a more walkable and inviting place to shop and mingle. **Status: TDOT review comments and we are awaiting a clearance letter from local programs to begin the right of way phase of work. In this phase easements and their appraised values are being prepared for acquisition. Utility coordination and public input will occur as soon as the approved letter is received. Construction is expected to be complete in the summer of 2019.**

### Sidewalks Additions

In conjunction with the Main Street project the city is preparing a series of projects to enhance walkability throughout Goodlettsville. Budgets are being set to add sidewalks along certain sections of the main thoroughfares in the city such as Loretta Drive, Caldwell Drive, Rivergate Parkway and North Creek Boulevard. These projects will seek to link residential areas with commercial and recreational areas and provide connectivity for some of the disconnected commercial developments within the city. **Status: The TDOT Transportation Alternatives Program (TAP) grant for a sidewalk connecting Moss Wright Park to North Creek Park along Caldwell Road and Long Hollow Pike is in review by the state. Program budgeting and preliminary design are ongoing on the other projects. These and other projects will be a part of the five year Capital Improvements Plan**

### Conference Drive Improvements

The Conference Drive corridor is the southern entrance to our city. The need for this road to look and feel inviting is imperative to bringing visitors and businesses into Goodlettsville. The preliminary design documents of this half million dollar, 80 percent grant project are complete and are awaiting the start of phase two of the signalization upgrades to finish. **Status: The National Environmental Protection Act (NEPA) documents for environmental clearance have been submitted. Awaiting approval from the state to move to the next phase of the project. Construction is expected to begin in summer of 2017 with completion by the spring of 2018.**

### Sanitary Sewer Interceptor Improvements

These improvements funded by the city will eliminate the need for two costly pump stations in the Madison Creek drainage basin. These projects will reduce maintenance and energy costs for the City's sewer collection department. **Status: The Wynridge Way sewer bypass construction has started and will be complete by July 2017. The Madison Creek sewer bypass is being rebid due to budget concerns. Rebid of this project should be in June of 2017 with completion scheduled for December 2017.**

### Signalization Upgrades

Phase One of the signal coordination is complete and got things started to help traffic move smoother on Long Hollow Pike and Conference Drive. Phase two will provide upgrades to coordinate and improve traffic flow on Conference Drive, Long Hollow Pike and Main Street. This 2 million dollar, 100 percent grant will provide state of the art signal control for the City. **Status: The National Environmental Protection Act (NEPA) documents are complete. Preliminary design is in review. Awaiting approval from the state to move to the next phase of the project. Construction is expected to begin in the summer of 2017 with completion in summer of 2018.**

### Drainage Improvements

With the implementation of the storm water utility in 2013, the city is now able to address some of the drainage system problems that currently exist in Goodlettsville. Area drainage issues are being identified and earmarked for projects as funds become available. These projects such as the Gateway neighborhood and Hollywood Street will improve flow to better distribute runoff in heavy rainfall for the purpose of flood prevention. **Status: The first phase of the Gateway Neighborhood drainage improvements is underway. With completion scheduled for summer of 2017. A feasibility study for storm water detention in the area of Old Two Mile Pike and negotiations for drainage easements are underway. Three culvert replacement projects are also currently in the design phase. Construction for the replacement culverts is scheduled for completion by December 2017.**

### Bank Stabilization Moss Wright Park

The bank along Mansker Creek at Moss Wright Park is being eroded by changes in stream flow. A grant study is underway for long term remediation. **Status: Grant Funds through the Cumberland River Compact for future bank erosion repairs near the soccer fields have been released with the project in the design phase. This phase of the work is scheduled for completion by the end of 2017.**

### Mansker Creek Greenway

The addition of a 2 million dollar, 50 percent grant funded half mile of trails has been laid out to connect the Windsor Green Neighborhood and Conference Drive with Moss Wright and North Creek Parks. The route will follow the banks of Mansker Creek providing a trail system to enhance Goodlettsville's already extensive outdoor walking experience. **Status: Preliminary design is complete and the project is currently in land acquisition phase. Construction is scheduled to begin in 2018 with construction completion by the spring of 2019.**

In addition to this, there are the daily needs of supporting the city staff with engineering design and planning for the future with our 5 year Capital Improvement Plan (CIP). Please feel free to contact me if you have any comments or concerns. I can be reached at:
