### Important Information

While the State of Tennessee regulates all construction blasting, Goodlettsville Codes Department also requires a permit which serves to notify us of blasting taking place within the city. If you have questions about construction blasting, please contact the State Fire Marshal's office at (615) 741-2241.

**The following documents are required at the time of submission:**

- Current Certificate of Liability Insurance
- Current TN Explosives User's Registration Certificate
- Current TN Explosives Identification Card

### Permit Valuation and Notices

For a copy of Resolution 22-1034 pertaining to permit fees contact the office.

### NOTICE

**It is the responsibility of the Blasting Contractor to provide all of the information from above and meet all requirements from the State of TN Fire Marshal's Office.**

## Applicants Certificate

This permit is not a substitute for any license required by law. This permit is not transferable and any change in use of occupancy of a building or premises shall require a new permit. This permit continues until revoked or for such time as designated at time of issuance. This permit requires that the applicant, his or her agents and employees shall carry out the proposed activity in compliance with all the requirements of any applicable Code and any other applicable laws or regulations, whether specified in the permit or not, in complete accordance with the approved plan and application. This permit does not constitute a representation by the city codes department or its fire department, or any city employee that the permittee or its agents or employees are compliant with any such codes, laws, or regulations.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provision of laws and ordinances governing this type of work will be complied with whether or not specified herein. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating the construction or the performance of construction.
